

CASCADIA FEST

A black and white photograph of a large crowd of people seated in a tent, facing a stage area. The audience is diverse in age and appearance, many wearing lanyards. In the foreground, a man in a striped shirt is seen from the back, looking towards the stage. The tent has a high ceiling with chandeliers and large windows on the right side. The overall atmosphere is that of a professional yet relaxed event.

2015 Sponsorship Brochure

A BRIEF HISTORY OF CASCADIAJS

CascadiaJS was started back in 2012 by web developers in Seattle and Portland who wanted to celebrate the amazing work being done in our communities and aspired to better connect web developers across the Pacific Northwest.

From the very beginning, CascadiaJS was designed to be mobile and rotate through the region. The 2012 event took place in Seattle, 2013 was held in Vancouver and 2014 was in Portland.

Over time attendance has grown: 225 to 275 to over 300 last year.

Finally, CascadiaJS is run entirely by volunteers as a not-for-profit event. Every dollar from a sponsor goes into making this an amazing and memorable event for all of the speakers and attendees. Thank you for supporting developers in the PacNW!

GOALS FOR 2015

Our community has been growing and this year the bar is being raised.

Change in format. We are adding a 1-day CascadiaCSS event and are , Browser and Server. Sponsors can choose to be much more targeted with their presence this year.

Change in location. We are moving from downtown venues to a destination location at the Semiahmoo Resort near Blaine, WA. We have bought out the entire facility for 3 full days and will have all the space and resources that we need to create amazing experiences for attendees. Please feel free to suggest your own ideas for sponsorship!

400 attendees this year for a fully sold-out event. We will continue our focus on diversity in tech by continuing to attract a diverse set of speakers and also seeking to increase the diversity of our attendees.

Unbundled sponsorship options. This provides a more direct connection to our cost and allows sponsors to pay for only the things that make the most sense for them.

IMPRESSIONS FROM CJS14

IT'S HUGE,
IT'S BEAUTIFUL,
IT'S ALL OURS

Semiahmoo Resort

APPENDIX

Here are some more details on the sponsored items. If you have any questions, please don't hesitate to email us.

Wi-Fi: Sponsor our rock-solid Wi-Fi and receive thanks in the SSID.

Videos: Have your logo prominently displayed on all of the talk videos which will be posted online immediately following the conference.

Coffee: Have your logo/banner displayed alongside the premium espresso stand that we will operate for the duration of the conference.

Lanyard: Your logo on the badges and lanyards for all of the attendees.

Farewell Brunch: Branding and many thanks for providing brunch before the attendees go home from the conference.

Booth Space: You will be allocated a table in the common area where you can set-up a banner, demo your product and hand out materials.

Track: Be the lead sponsor for one of our 3 Days (CSS, Browser and Server). Banners with your logo will be set-up and your company will be thanked on stage and in an email to attendees.

Breakfast: For the first time, we will be serving a real (and delicious) breakfast for all attendees. Bacon FTW!

Lunch: Help feed 400 developers as they take a break from the morning schedule and get some down time to hang out and meet their new friends.

Party: Be the lead sponsor for the night's festivities. Every night will be special (think: dance party, karaoke, etc) and your company will be featured extensively and thanked on stage and in an email to attendees.

Workshop: Host a 3-hour workshop during the conference.
